Mr. Wiley,

This memo is a letter of appreciation for your service to the Charlie Norwood VAMC for the past several years. The construction projects you have completed and are currently providing at our VAMC have enhanced the safety, functionality and appearance of our Uptown and Downtown facilities. Your firm has consistently produced quality work and is adaptable to changing VAMC operation schedules. Your project submittals and employee payrolls have been complete and provided on time. The list below contains some of the capital construction projects your firm helped complete. Thank you again for helping make the Charlie Norwood VAMC a better place for our veterans, visitors and staff. Our Construction Management team looks forward to working with your firm on future CNVAMC projects.
